Social Contributions & Cultural Support

As we state in our Activity Guidelines, we are committed to contributing to society as a good corporate citizen. Our fundamental contribution to society is through business, but we also prioritize active involvement in communities and culture. Therefore, we follow green and eco-friendly practices. Our products are also planet-friendly. Over the course of two years, we have partnered up with several non-governmental and non-profit organizations.

"With companies now being judged not only on their financial worth but also on their efforts to contribute positively to society and the environment, A2TH Enterprises, as proposed by its activity guidelines, plans to expand its collaboration with non-profit organizations and other social contribution activities, as well as improve its structure to encourage and support employee volunteerism,"
